Maine Drilling & Blasting Grants a “Dream Trip to Hawaii” Wish

Bloomfield, CT, May 2019 – Maine Drilling & Blasting teamed up with Make-A-Wish to grant another wish, this time in the local community of Bloomfield where one of their offices is located. Colby, a 14-year-old boy with Cystic Fibrosis who loves science and astronomy dreamed of going to Hawaii with his family. While there, they went hiking, kayaking and even parasailing! Because of his love for the stars, he was given the opportunity to visit one of the world’s largest telescopes, the Canada-France-Hawaii Telescope and receive a private tour of the facilities.

Upon Colby’s return, Maine Drilling & Blasting threw him a tropical-themed welcome home party to celebrate his trip and showcase his photos. Colby was even treated to a special tour around the drilling and blasting facility and equipment onsite.

Maine Drilling & Blasting, recognized as a leader in the industry, provides drilling, blasting and related specialty services to the construction and quarry markets throughout the Northeastern and Mid Atlantic United States. In addition to the corporate office in Gardiner, Maine, Maine Drilling & Blasting has offices in New Hampshire, Vermont, New York, Massachusetts, Connecticut and Pennsylvania.

About Make-A-Wish

The Make-A-Wish Foundation grants the wishes of children with life-threatening medical conditions to enrich the human experience with hope, strength and joy. Wish-come-true experiences can do wonders by providing a much-needed break from lengthy hospital stays and medical treatments. They give back to a child what a serious medical condition can take away – the chance to simply enjoy being a kid. Wish kids choose something that will inspire happiness and allow them to spend precious time with their families. Learn more at www.wish.org.
