Maine Drilling & Blasting Grants a Special Disneyworld Wish

Bethel, PA, March 2019 – After announcing Maine Drilling & Blasting’s new philanthropic efforts, the employees and coordinators jumped right on board to grant a wish with Make-A-Wish of Greater Pennsylvania and West Virginia. MD&B’s Mid Atlantic team sponsored the wish of a very special 3-year-old diagnosed with a rare form of cancer called Retinoblastoma. His dream was a trip to Disneyworld!

During the pre-trip celebration, which took place at MD&B’s Bethel, PA office, over 25 employee volunteers created a memorable party themed around his love for the movie Cars, with a hand-crafted large “Mater” decoration, a Mater cake and more. Maine Drilling & Blasting even surprised this Disney fan with Mickey himself and a special Disney travel basket complete with custom t-shirts for the whole family, a Cars themed rolling suitcase, hats, and a specially purchased dinner with the Disney characters at Chef Mickey’s Restaurant. Maine Drilling & Blasting looks forward to granting more wishes in the future.

Maine Drilling & Blasting, recognized as a leader in the industry, provides drilling, blasting and related specialty services to the construction and quarry markets throughout the Northeastern and Mid Atlantic United States. In addition to the corporate office in Gardiner, Maine, Maine Drilling & Blasting has offices in New Hampshire, Vermont, New York, Massachusetts, Connecticut and Pennsylvania.

About Make-A-Wish

The Make-A-Wish Foundation grants the wishes of children with life-threatening medical conditions to enrich the human experience with hope, strength and joy. Wish-come-true experiences can do wonders by providing a much-needed break from lengthy hospital stays and medical treatments. They give back to a child what a serious medical condition can take away – the chance to simply enjoy being a kid. Wish kids choose something that will inspire happiness and allow them to spend precious time with their families. Learn more at www.wish.org.
